

# Spotlight® on SAP ASE 2.11.0

## Release Notes

Friday, June 30, 2017

## Welcome to Spotlight® on SAP ASE

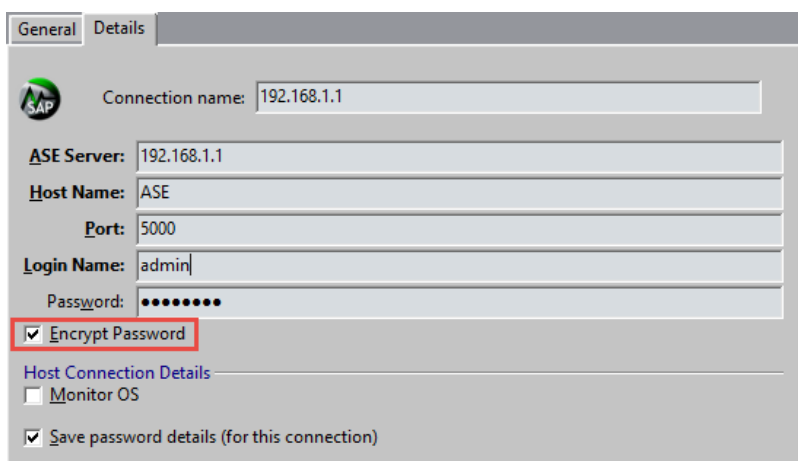

Spotlight® on SAP ASE is a monitoring and diagnostic tool for SAP ASE administrators. Its unique user interface provides you with an intuitive, visual representation of database activity. Graphical flows illustrate the movement of information throughout the Adaptive Server. Icons and contextual drilldowns provide key statistics and metrics.

## New in This Release

Quest Spotlight® on SAP® ASE 2.11.0 is a minor release.

### ***Support for Encrypted Passwords***

- Spotlight on SAP ASE now supports Kerberos authentication for connections
- Check Encrypt Password when creating a new connection for SAP ASE 15.7 and higher

## Resolved Issues and Enhancements

The following is a list of issues addressed and enhancements implemented in this release.

Resolved Issue	Defect ID
A bug causing Spotlight to log many errors to a log file was fixed	173

## Known Issues

Feature	Known Issue	Defect ID
Connection	Spotlight® on SAP ASE does not support connecting with a unicode username.	ST104274
	Spotlight® on SAP ASE does not support installation of a Unicode directory.	N/A
General	System processes are filtered out of the SQL Activity grid. As a result, SQL processes are also filtered out if the SQL was run prior to system monitoring and if the user is no longer logged in.	N/A
	The Total Wait Counts column under User Waits Activity resets and reports a negative count number for the "Spotlight" process ID.	
Install and Uninstall	When Spotlight is uninstalled, any registry keys created by the application are not removed. See the Installation chapter of the Getting Started Guide for instructions to remove the Spotlight registry keys.	ST69853

## Third Party Known Issues

Feature	Known Issue	Defect ID
Cached SQL drilldown	Because of some limitations of SAP ASE <code>show_</code>	N/A

**Feature****Known Issue****Defect ID**

`condensed_text` function the Cached SQL drilldown currently displays only 1020 characters.

# System Requirements

Operating System	Windows Vista (32-bit or 64-bit) <b>Note:</b> Recommended for monitoring local databases only. Windows 7 (32-bit or 64-bit) Windows 8 (32-bit or 64-bit) Windows 8.1 (32-bit or 64-bit) Windows Server 2012 Windows Server 2012 R2 Windows 10 (32-bit or 64-bit) Windows Server 2016 <b>Note:</b> We recommend using an Administrator account to run Spotlight® on SAP ASE.
Memory	512 MB RAM (minimum); 1 GB (recommended)
Hard Disk Space	100 MB of free hard-disk space
Other requirements	.NET 3.5 SP1
Database Server	SAP ASE 15.0.2, 15.0.3, 15.5, 15.7, 16

# Global Operations

This section contains information about installing and operating this product in non-English configurations, such as those needed by customers outside of North America. This section does not replace the materials about supported platforms and configurations found elsewhere in the product documentation.

This release is Unicode-enabled and supports any character set. In this release, all product components should be configured to use the same or compatible character encodings and should be installed to use the same locale and regional options. This release is targeted to support operations in the following regions: North America, Western Europe and Latin America, Far-East Asia, Japan.

# Getting Started

# Contents of the Release Package

The Spotlight® on SAP ASE release package contains the following:

- Spotlight® on SAP ASE 2.11.0
- Product Documentation, including:
  - Getting Started Guide
  - Online Help
  - Release Notes

#### Product Licensing

To license Spotlight® on SAP ASE, you need a license key and the site message.

# Obtain the License

The required license key is delivered in one of three ways:

- If you purchase Spotlight from a web site and have downloaded the product, you should receive an email with the license key and the site message shortly after the download has completed.
- If Spotlight was delivered in a package, the license key and site message are included with that package.
- If Spotlight was delivered as part of a trial, your sales representative should provide you with a license key.

If you do not get a license key, contact your sales representative.

# Specify the license to authorize your use of Spotlight

After you have started Spotlight, you can authorize your use of Spotlight in one of two ways:

- If you attempt to open a feature from the Spotlight console, Spotlight displays a message window that states that Spotlight® on SAP ASE is unlicensed. You can launch the authorization process from this message window.
- You can launch the authorization process from the About Spotlight window.

## To authorize your use of Spotlight from license message window

1. From the message window that states you need to license Spotlight, click the **Authorize button**.
2. On the Product Authorization window, provide the authorization (license) key, and then the site message.
3. Click **OK**.

## To authorize your use of Spotlight from the About Spotlight window

1. From the Spotlight console, select **Help | About Spotlight**.
2. On the **Installed products** tab, click **View/change product license** for Spotlight® on SAP ASE.
3. On the License Viewer window, click **Change this license** for the installed version of Spotlight whose license you want to update.
4. On the Product Authorization window, provide the authorization (license) key, and then the site message.
5. Click **OK** to save the license information.
6. Close the remaining windows.

## We are more than just a name

We are on a quest to make your information technology work harder for you. That is why we build community-driven software solutions that help you spend less time on IT administration and more time on business innovation. We help you modernize your data center, get you to the cloud quicker and provide the expertise, security and accessibility you need to grow your data-driven business. Combined with Quest's invitation to the global community to be a part of its innovation, and our firm commitment to ensuring customer satisfaction, we continue to deliver solutions that have a real impact on our customers today and leave a legacy we are proud of. We are challenging the status quo by transforming into a new software company. And as your partner, we work tirelessly to make sure your information technology is designed for you and by you. This is our mission, and we are in this together. Welcome to a new Quest. You are invited to Join the Innovation.

## Our brand, our vision. Together.

Our logo reflects our story: innovation, community and support. An important part of this story begins with the letter Q. It is a perfect circle, representing our commitment to technological precision and strength. The space in the Q itself symbolizes our need to add the missing piece — you — to the community, to the new Quest.

## Contacting Quest

For sales or other inquiries, visit [www.quest.com/contact](http://www.quest.com/contact).

## Technical support resources

Technical support is available to Quest customers with a valid maintenance contract and customers who have trial versions. You can access the Quest Support Portal at <https://support.quest.com>.

The Support Portal provides self-help tools you can use to solve problems quickly and independently, 24 hours a day, 365 days a year. The Support Portal enables you to:

- Submit and manage a Service Request
- View Knowledge Base articles
- Sign up for product notifications
- Download software and technical documentation
- View how-to-videos
- Engage in community discussions
- Chat with support engineers online
- View services to assist you with your product
