

SQL Optimizer for IBM® DB2® z/OS® 5.6

Release Notes

Wednesday, June 6, 2018

These release notes provide information about the SQL Optimizer release.

About SQL Optimizer for IBM® DB2® z/OS®

SQL Optimizer is a powerful extension to Toad for IBM® DB2®. It validates database code and fully automates the manual and time-intensive process of SQL optimization to generate SQL alternatives and locate the most efficient SQL statement. SQL Optimizer maximizes the performance of your SQL statements to ensure they are performing as fast as possible.

New in This Release

Updates to SQL Optimizer 5.6

SQL Optimizer for IBM DB2 z/OS 5.6 is a maintenance release with no new functionality.

Known Issues

Currently known issues in SQL Optimizer:

Feature	Known Issue	Defect ID
Installation	If SQL Optimizer was installed in earlier versions and subsequently version 5.5 is installed and then uninstalled, some 5.5 files are not removed automatically. Workaround: Uninstall earlier versions prior to SQL Optimizer 5.5 installation. or Remove any remaining 5.5 files.	SOFDZ-390
Installation	If SQL Optimizer 5.0.0 or 5.5.0 is installed, then SQL Optimizer 5.5.1 is installed side-by-side and then you uninstall one of them, Toad cannot find the correct installed version anymore. Workaround : Uninstall all versions of SQL Optimizer and then re-install the latest version.	SOFDZ-544

Third Party Known Issues

Currently known third party issues in SQL Optimizer:

Feature	Known Issue	Defect ID
Installation	SQL Optimizer may fail to launch for the first time after its installation if a previous version has been installed. This issue only happens with Windows Installer 4.5 environment. Workaround: Launch SQL Optimizer again. This issue only appears with the first time launch. Fix: Install Microsoft Patch 972397 .	SOFDZ-427

System requirements

Before installing SQL Optimizer, ensure your system meets the following minimum hardware and software requirements:

Platform	600 MHz minimum, 1 GHz recommended
Memory	512 MB of RAM minimum, 1 GB of RAM recommended Note: The memory required may vary based on the following: <ul style="list-style-type: none"> • Applications that are running on your system. • Size and complexity of the database. • Amount of database activity. • Number of concurrent users accessing the database

Hard Disk Space	150 MB hard disk space
Operating System	Windows Server 2008 R2 Windows 7 (32-bit and 64-bit) Windows 8 (32-bit and 64-bit) Windows 8.1 (32-bit and 64-bit) Windows Server 2012 Windows Server 2012 R2 Windows 10 (32-bit and 64-bit) Windows Server 2016

Globalization

This section contains information about installing and operating this product in non-English configurations, such as those needed by customers outside of North America. This section does not replace the materials about supported platforms and configurations found elsewhere in the product documentation.

This release is Unicode-enabled and supports any character set. It supports simultaneous operation with multilingual data. This release is targeted to support operations in the following regions: North America, Western Europe and Latin America, Central and Eastern Europe, Far-East Asia, Japan.

Product Licensing

To register the trial or production version

1. Select **Help | Licensing**.
2. Enter your Authorization key.
3. Enter your site message if you have a Production key.
4. Click **Apply**.

About us

We are more than just a name

We are on a quest to make your information technology work harder for you. That is why we build community-driven software solutions that help you spend less time on IT administration and more time on business innovation. We help you modernize your data center, get you to the cloud quicker and provide the expertise, security and accessibility you need to grow your data-driven business. Combined with Quest's invitation to the global community to be a part of its innovation, and our firm commitment to ensuring customer satisfaction, we continue to deliver solutions that have a real impact on our customers today and leave a legacy we are proud of. We are challenging the status quo by transforming into a new software company. And as your partner, we work tirelessly to make sure your information technology is designed for you and by you. This is our mission, and we are in this together. Welcome to a new Quest. You are invited to Join the Innovation.

Our brand, our vision. Together.

Our logo reflects our story: innovation, community and support. An important part of this story begins with the letter Q. It is a perfect circle, representing our commitment to technological precision and strength. The space in the Q itself symbolizes our need to add the missing piece — you — to the community, to the new Quest.
